

# PBOT's Americans with Disabilities Act (ADA) **CURB RAMP UPGRADES**

## Questions about our work?

Portland Bureau of Transportation's (PBOT's) ADA program is evaluating existing curb ramps for maintenance issues and future improvements. This work allows the city to focus funding on the areas of greatest need, and helps to ensure that each curb ramp is ADA compliant and that the City is accessible for all.

If you have further questions, please contact the City of Portland's ADA Curb Ramp program at [adacreecprogram@portlandoregon.gov](mailto:adacreecprogram@portlandoregon.gov).
